## Petersen part of history with East peace forces

by GLORIA DAVIS

Most of us are aware of the current headline happenings in Lebanon but there is a least one area resident who is living them.

U. S. Marine Lance Cpl. Robert Scott Petersen is stationed with the tri-country peace keeping forces there. He recently called his father, Robert Petersen of Antioch, and let him in on the scoop about the real state of things in the war-torn middle east.

He told of the emotional greeting that the U. S. forces received from the Lebanese people.

"One old lady ran up and threw her arms around me, happy to see us," he said.

"They really are afraid that we'll leave before all the Israeli and Palestinians are evacuated because they fear the fighting will start all over again when we do," he said.

Petersen was on the scene when the headline making Israeli tank, that appeared where it wasn't supposed to be, backed off when it was greeted by the Marines.

"The Israeli's really don't want to mess with the United States Marines," he added.

One of the first sights Petersen was greeted with was the half-constructed University of Lebanon Building in Bierut, the walls of which were riddled

## Lake Catherine-Channel Lake CDBG hearing set Jan. 27

A Community Development Block Grant (CDBG) application for \$100,000 for the Channel Lake and Lake Catherine drainage project will be held Thursday, Jan. 27 at Antioch Township Hall.

A progress report on the project will be given to interested residents by township officials and Kathleen Rumsey, Dept. of Planning, Zoning and Environmental Quality for the county.

The project has already received \$20,000 in CDBG funds from last year for the

engineering phase of the project. That phase is to begin within the next few months, according to Rumsey.

Township and subdivision officials are in the process of plotting out the most critical drainage areas on maps. Once the engineering phase is completed, construction will begin, probably in late summer or early fall, Rumsey said. If the CDBG grant is approved, money for construction would be available from the county in August.

## Charge Trevor couple with theft, forgery

by GLORIA DAVIS

One employee and one former employee of the Antioch Savings and Loan have been charged with forgery in connection with the bilking of the savings institution of at least \$11,000.

A married couple, Terri and Larry Fortin of Trevor, have been charged with forgery and theft, with preliminary hearings set for 1:30 p.m., on Wednesday, Feb. 2, in Lake County Court.

James Swiatek, president of the savings and loan, confirmed the report that the savings and loan had tried to keep the theft quiet but it had somehow leaked to a local daily newspaper.

"There was no embezzlement," he said, adding, "They didn't get money from anyone else's account, they just transferred money to different accounts."

Swiatek said the effort to squelch reports of the incident was caused by the bad press received by savings and loans in the last year.

According to Antioch Police Lt. Tom Fisher, Terri had worked at the savings and loan as a proofer in bookkeeping for two years.

Her husband, Larry, who had been previously employed there, worked for another company in Antioch.

Starting in May, Larry had removed business checks at random from his company's checkbook. Both had written checks on these and deposited them in their account at the savings and loan, allowing them to withdraw money when they wanted to.

After the check was entered in the account

it would go to the bookkeeping department where Terri would intercept it and destroy it.

There were times when she would transfer other deposits to cover a teller's imbalance caused by the removal of the check.

The matter began to come to light when the owner of Larry's company was informed by his accountant that checks were missing from the checkbook. He closed that account.

Other employees at the savings and loan had noticed the large deposits in the Fortin account from that company.

In late November the savings and loan was missing two mortgage checks amounting to more than \$4,000, that had been expected from another savings institution.

A check with that bank revealed that the checks had been sent and cashed in Antioch.

After being questioned by Fisher, both parties surrendered to the Antioch Police on Thursday, Jan. 20.

Terri has been charged with two counts of forgery and six counts of theft and Larry with six counts of forgery and six counts of theft over \$300.

## IEPA denies HOD request

Although he had received nothing in writing as of Monday morning, Jan. 24, Antioch Village Atty. Ken Clark said "Victory is ours!"

Clark was referring to reports that he had received that the Illinois Environmental Protection Agency (IEPA) had ruled in the village's favor in denying the request of Waste Management, Inc. to raise the height limit of the present landfill site by 60 feet.

Clark was anxiously awaiting official notification in the mail.

## Both Citgo burglars arrested

The second person allegedly involved in the burglary of Al's Citgo Service Station on North Ave., on Dec. 24, has been arrested and charged by two Lake County police departments and the McHenry County Sheriff's Dept.

James Turuc, 21, Waukegan, was arrested by Round Lake Police at the Lake County Court House where he was appearing on traffic charges on Wednesday, Jan. 19. Turuc was wanted for the burglary of a Round Lake gas station.

After being notified by Round Lake of Turuc's arrest, the Antioch Police Dept. and the McHenry County Sheriff's Dept., where there was a warrant for his arrest on home burglary charges, both arrested and charged Turuc.

Brian Cowles, 21, McHenry, was arrested the same day of the Citgo burglary by Antioch after the car involved was traced to him.

Both men are presently awaiting trial. The two allegedly broke into the Citgo Station at 6 a.m., on Dec. 24. Entry was gained by kicking in the glass panes in the overhead door.

Cash was stolen and people that were opening a new store in the North Ave. Mall saw the two men leaving the gas station and jump in a waiting car which traveled only 50 feet before it got stuck in the mud.

The Antioch Police lost the two when they ran down the railroad tracks.

## WHAT'S YOUR ENERGY I.Q.?

- What is America's most abundant fossil fuel?  
a. Coal    b. Natural gas    c. Oil
- How much of the energy that the U.S. uses is based on oil?  
a. 25%    b. 40%    c. 55%
- Since the 1973 oil embargo, how has the U.S. reliance on Arab members of OPEC changed?  
a. U.S. now half as dependent    b. U.S. now just as dependent    c. U.S. now twice as dependent
- How much of northern Illinois' electricity is produced by oil?  
a. Nearly all    b. About half    c. Very little
- How much of the electricity here is produced by nuclear energy?  
a. Almost half    b. About 25%    c. Very little
- How much of the nuclear fuel Commonwealth Edison uses to generate electricity is produced in America?  
a. Very little    b. About half    c. 100%
- When did the nation's first privately financed nuclear power station go into operation?  
a. Five Years ago    b. 1960    c. Ten years ago
- It costs us less to generate electricity with nuclear fuel than with coal - how much less?  
a. 10% less    b. 30% less    c. 50% less

### ANSWERS

- (a) The government estimates we have more than 20 times as much coal as oil or natural gas.
- (b) Oil accounts for 40% of the energy use, natural gas 30%, coal 20%.
- (c) Despite conservation, we rely on OPEC's Arab nations for twice as much oil as we did in 1973 - from 920,000 barrels a day to 1.85 million barrels a day.
- (c) Only 9% of northern Illinois' electricity is generated by oil.
- (a) 45% of the power produced here is by nuclear energy; coal accounts for 46%; the rest by oil.
- (c) While some uranium is mined in other countries, all that we use to generate electricity is enriched, fabricated and converted in America.
- (b) 1960. Commonwealth Edison's Dresden Nuclear Power Station has been serving northern Illinois for more than 22 years.
- (c) Nuclear generation is by far the cheapest - half the cost of coal and one fifth the cost of oil.

We live in a world concerned about energy... rising costs and dwindling supply. Will we have enough to go around? What about alternate forms of energy? Commonwealth Edison is working hard to provide the electric energy northern Illinois needs at the most reasonable cost. Understanding the problems and the possibilities is the first, and perhaps most vital, step on the road to assuring our nation's energy independence.

Want to learn more about energy? If you belong to an interested group or club, just call or write your local Edison office and ask for the Speaker's Bureau - energy experts who'll talk to any group, any time.

# Urge fact consideration on Hain by board

by GLORIA DAVIS

The controversy surrounding the professional conduct of W. C. Petty Grade School Principal Paul Hain was the feature event that drew almost 100 people to the meeting of the Antioch Grade School Board on Tuesday, Jan. 18.

Peg Zurek, grade school teacher, started the dispute when she broached the question of Hain's conduct at a previous board meeting.

Zurek claimed to represent many parents and most of the teachers at Petty in her complaints that were headed by dissatisfaction with Hain's firing of Sharon Leland, school secretary for 13 years.

The board upheld that dismissal with a unanimous vote in a closed personnel session.

The pro-Hain-ites were led by Betsy Houghton who has been a teacher at Petty since its opening and said of Hain that "in the five years I have worked with Mr. Hain, I

have found him to be supportive, fair, honest, and concerned with the welfare of the children and staff alike."

Houghton, in presenting the board with a petition in support of Hain, "signed by 70 percent of the teachers at Petty," made a formal statement in Hain's behalf.

The statement was in reference to charges that Hain altered the schedule of a school bus to circle the loop during a field trip while he visited his mother.

Houghton claims to have scheduled that trip herself and, having gone on the trip, said that it was never altered but that, while the bus circled the loop on a well planned sight-seeing trip, Hain did take advantage of the fact that his mother worked in the Loop and left the bus for about 10 minutes to greet her without interrupting the trip in any way whatsoever.

In answer to Zurek's claim that she represented many parents and most of the teachers at the grade school with her com-

plaints about Hain, Houghton said that she attended the last executive board meeting of the PTO, and heard the minutes of the previous one, and no mention of the Hain situation had taken place.

She called for a spirit of reconciliation that will enable all to work together to build a school Dr. Petty could be proud of.

Another petition was presented to the board by the parent of three students, Susan Mattheis. This one was signed by 70 parents.

Mattheis said that Petty needs an able, well respected and trusted principal who encourages both teachers and students to excel in their job.

She asked the board to consider all the facts presented to them, both pro and con, and then decide if Hain fits that need.

"It seems to me with all this going on, something must be amiss. I've been in school many times and things are really tense there, both for the teachers and the children," she added.

"I don't want my children in a school with such an atmosphere," she finished.

According to Antioch Grade School Supt. Don Skidmore, "I gave the board an evaluation of the situation at an executive session and the board is still studying the issue."

## ACHS to assume some special ed programs

Antioch Community High School will assume more responsibility for its special education programs in an effort to save money.

According to Supt. Warren Polley, the board will be hiring three teachers to conduct the school's learning disorders program. SEDOL (Special Education District of Lake County) will provide the visually impaired, behavior disorders and educably mentally handicapped programs as it has in the past.

"It will mean a cost savings to us," Polley said. "But it will also mean we have more responsibility, since SEDOL's handled everything in the past."

Polley said at this point he can't put a definite dollar figure on the savings, "but it will be considerable," he said.

The changes will take effect in the 1983-84 school year.

At the Jan. 20 meeting, the board accepted the resignation of Jane Craner, who was an art teacher in the district for 18 years. She is retiring at the end of the school year.

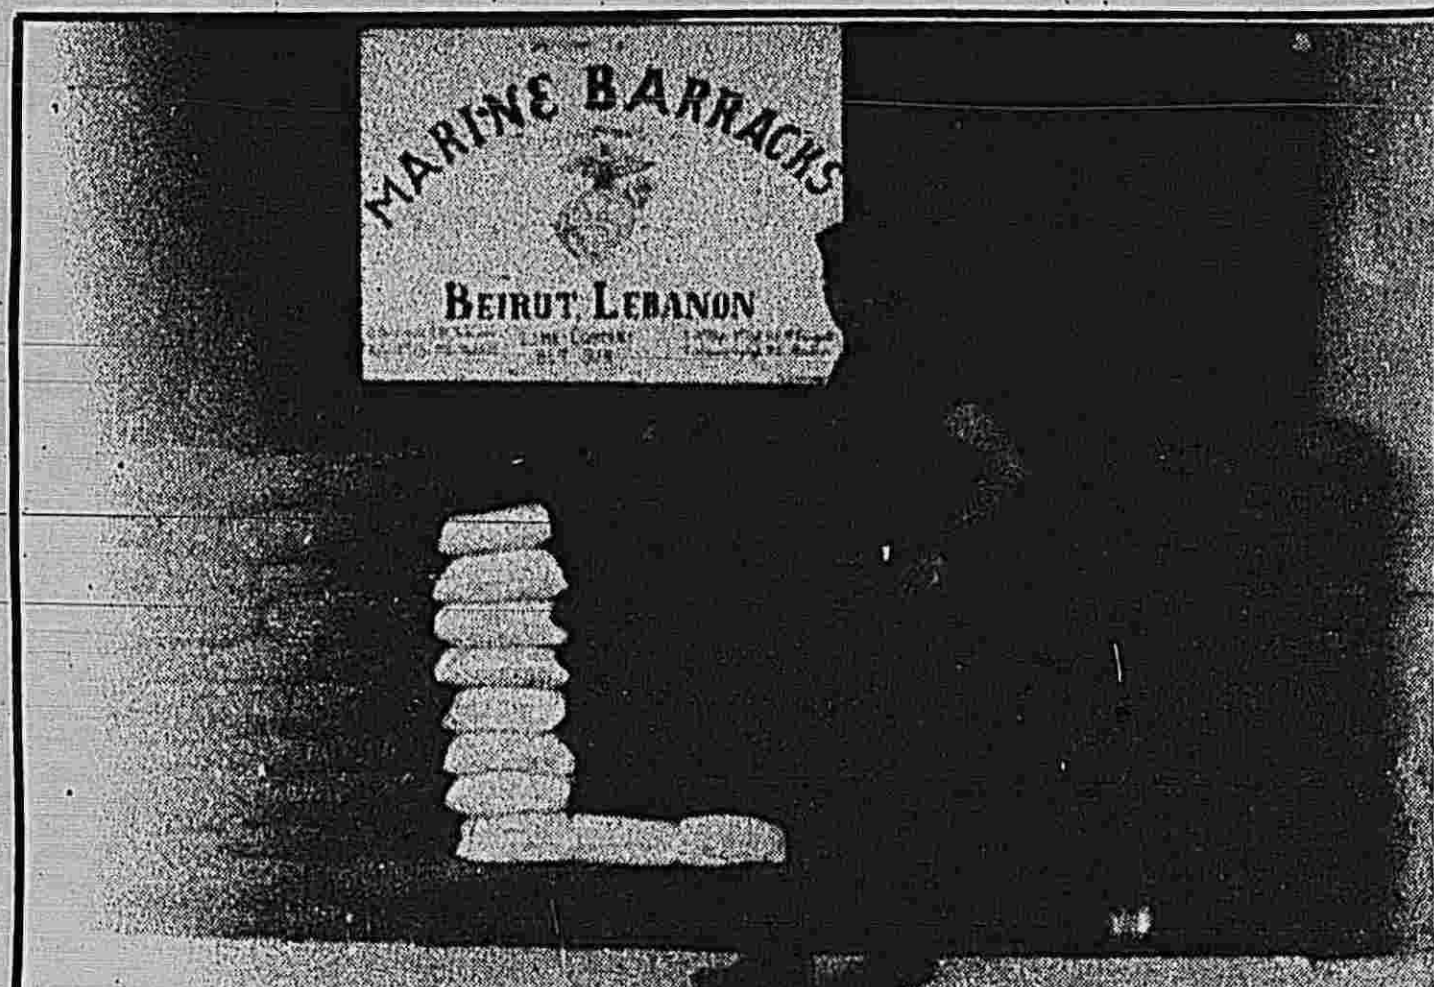

The board also okayed the purchase of two replacement school buses. The chassis are being purchased for \$12,969 each from Pedersen GMC, Antioch, with the bodies purchased from Amtran of Illinois, Crete-Monee, for \$13,358 for the two.

Board members heard that the state's recent cut in aid totals \$41,000 for the 1982-83 school year.

Polley said no cuts will be made in this year's budget, but the cut in aid may be reflected in the 1983-84 school year budget.

## In Lebanon

with bullet and shell holes.

Petersen said that it was a sobering sight that really brought the recent fighting to mind.

"In off-hours the Marines are attempting to help the Lebanese people put their destroyed homes back in living condition," Petersen reported.

Petersen added that he expected to be in the middle east at least until March although they were first told that they would be out of there sometime in early February.

The Marine Corporal, whose mother is Linda Krietler of Twin Lakes, has been in the Marine Corps almost four years.

He had dropped out of Wilmot High

School but promised his mother he would get his high school diploma. This he did by attending night school when he was stationed in Honolulu, Hawaii.

"We're all very proud of him, that wasn't an easy thing to do," said Janet Petersen his stepmother.

She proudly added that he scored higher than most high school graduates on the entrance tests.

His father had to returned his call because he was out when the Marine first tried to get in touch with him.

"We just dialed Turkey direct and were surprised that it was just like talking to someone right next door," said the elder Petersen.

The Marines were on a five-day pull back in Turkey when the call was made.

## Along the way with ANNIE MAE

Did you see how photogenic Carol Ann Furlan was when she appeared as one of the dancers in the Richard Simmons segment of the Ann Murray Tv Special on Wednesday, Jan. 19?

Carol, along with her husband Tom, has owned Furlan's Dugout for years. The show was filmed aboard the SS Norway cruise ship.

Anna and Jim Krieger, long-time residents of Antioch who are now living in Minnesota, are celebrating their 25th anniversary on Feb. 8.

Since they are unable to be with their many friends from Antioch, some of them thought that a card shower would be nice. Those interested should send their cards to Rte. 1, Box 77, Laporte, Minn., 56461.

Jim worked for the village and was a member of the Antioch Fire Dept. for years.

Don't forget to donate to St. Peter's Blood Drive if possible. Call Ellen Ipsen at (312)395-2884 for more information.

Speaking of St. Peter's, they will be having open house and registration from 10:30 a.m. to 1:30 p.m., on Sunday, Feb. 6.

This is everyone's chance to join at Family Communion Mass at 9:30 a.m.; to register your children for next year and to meet the faculty and staff over coffee after Mass.

By the way, just loved the yummy color of the dress that Marilyn Sterbenz wore at the big Chamber doings Saturday.

### —LEGAL— AMENDED NOTICE OF PUBLIC SALE OF COLLATERAL UNDER UNIFORM COMMERCIAL CODE

PUBLIC NOTICE IS HEREBY GIVEN that pursuant to Section 9-504 of the Uniform Commercial Code of Illinois, the First National Bank of Des Plaines (herein the "Bank") will on February 7, 1983, at 10:00 A.M., at the offices of BARNETT AND BEIGEL, LTD., located at 180 North LaSalle Street, Suite 1420, Chicago, Illinois, sell at Public Sale to the highest bidder, for cash, 100 percent of the beneficial interest in, to and under a certain Land Trust Agreement dated April 16, 1979 known as Trust No. 12 under which the Antioch Trust Company is Trustee. The corpus of said Trust consists of real estate situated in Lake County, Illinois, legally described as follows:

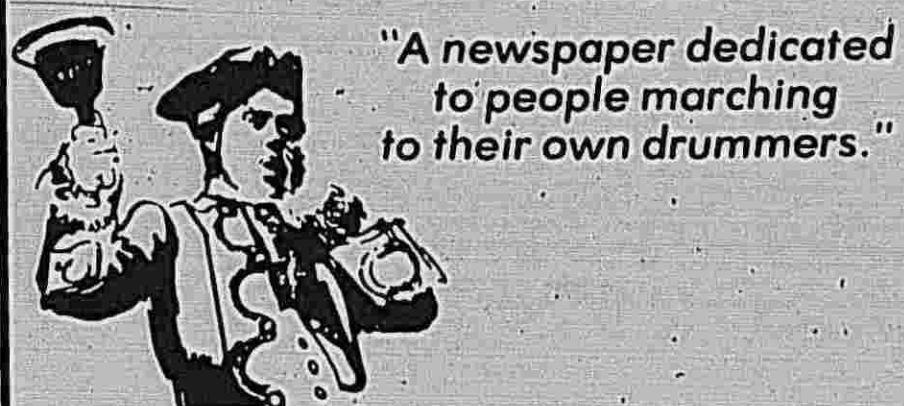

**PARCEL 1**  
Lots 28, 40, 41, Lots 43 to 49 inclusive, and Lots 51 to 54 inclusive, in Harbor Ridge Subdivision, being a Subdivision of the Northeast Quarter of the Northeast Quarter of Section 25, Township 46 North, Range 9, East of the Third Principal Meridian, and part of the Southwest Quarter of Section 19, and part of the Northwest Quarter of Section 30, Township 46 North, Range 10, East of the Third Principal Meridian, according to plat thereof, recorded August 18, 1977, as Document No. 1858798, in Book 61 of Plats, Page 35, in Lake County, Illinois, and amended by letter of amendment recorded March 16, 1978 as document number 1904119, in Lake County, Illinois.

**PARCEL 2**  
Easement for ingress and egress for benefit of Parcel 1, over Crabapple Drive and Fairway Drive designated as private roads on plat of Harbor Ridge Subdivision recorded August 12, 1977 as Document No. 1858798 and over Harbor Ridge Drive and Stonebridge Drive shown as ingress and egress parcels on the revised Final Development Plan recorded as Document No. 1841768 in Lake County, Illinois.

The aforesaid property consists of fourteen lots in the Harbor Ridge Subdivision located in Lake County, Illinois. Subject to all of the terms contained in this Notice, the above-described property will be sold to the highest bidder. A 25 percent deposit will be required with each bid, and the balance of the bid price must be paid no later than five days after acceptance. All funds shall be paid in cash, certified or cashier's check, payable to the order of the First National Bank of Des Plaines, the Secured Party. If the successful bidder defaults on the balance, the Secured Party may forfeit that bidder's initial deposit and, at Secured Party's option, sell to the highest bidder. The Secured Party reserves the right to bid at the sale without cash, certified check or cashier's check deposit as required for other bidders and reserves the right to bid at the sale the indebtedness due it from the holder of the beneficial interest of the aforesaid Land Trust. The Secured Party reserves the right within 24 hours of the completion of the bidding to reject all bids. Furthermore, in the event that no satisfactory bids are received, the Secured Party hereby reserves the right to adjourn and continue the Public Sale without further notice. If Secured Party accepts a bid, bidder will receive a quitclaim assignment of Secured Party's interest in said beneficial interest. The Secured Party makes no representations or warranties as to the condition of the real estate which is the subject matter of said Land Trust or the value thereof or the condition of title, and the sale is subject to all taxes, liens, claims and encumbrances.

## 23rd annual fish derby set for Feb. 12 & 13

The 23rd Annual Chain O' Lakes Ice Fishing Derby and Winter Festival will be held on Petite Lake again this year.

This derby is, as in previous years, sponsored jointly by the Northern Illinois Conservation Club and the 885 Civic Club of Antioch, and is the largest and most rewarding derby in the state and, perhaps the entire midwest.

Well over \$10,000 in prizes will be awarded during the two-day event and an additional \$14,000 cash value

tagged fish will be released in the lake available to the lucky anglers that catch them.

The derby will be held, 9 a.m. to 4 p.m., Feb. 12 and 13 at Petite Lake, Antioch. To get to the site take Grass Lake Rd., one mile west of Rte. 59 to Rena Ave., south on Rena Ave., three-quarter mile to Richmond Ave., left on Richmond Ave. three blocks to the derby. Headquarters are located across from Kempf's Resort, in the subdivision park on Petite Lake. Adequate direc-

tional signs will be posted.

Events include a fishing contest by species and size, a fishing contest - (Tagged Fish Program), air show, ice auger contest, ice chisel contest, ABC Clowns from Antioch Moose, an auction at 2 p.m. Sunday, Feb. 13, sack races, egg throwing contests, and family and children games programmed every hour.

Hourly fishing contest prizes will be given for each of eight species plus a grand prize for each species for the

derby with 120 prizes in all for this event. Derby ticket serves as entrance fee for this event.

Tagged fish will be released in Petite Lake prior to the derby. These fish will be pan fish and five of the tag numbers will be assigned cash prizes. One fish will have a tag number worth \$10,000 and four others will have \$1,000 cash value each.

Fish must be caught during the derby weekend, 12:01 a.m. Saturday, Feb. 12 through midnight, Sunday, Feb. 13. Contestant must sign up at Derby Headquarters before being eligible for this event. An additional one dollar fee is required for entrance fee.

Additional rules posted at derby headquarters. Insurance for this program has been arranged through and guaranteed by Professional Insurance Planners of Chicago, Ill. underwritten by the same firm that handled the Million Dollar Salmon "Big Fin" this past summer on Lake Michigan.

Derby ticket is the entrance fee for the hourly

fishing prizes and is also a drawing ticket, 16 main prizes one of which is \$1,000 cash or trip, other 15 have a value of \$100 or more. Drawings will be Sunday, Feb. 13 at 4 p.m.

For family and children games, over 50 prizes awarded.

Hamburgers, hot dogs, donuts, hot and cold beverages will be available at derby headquarters. Local resorts on the lake will have additional refreshments.

Petite Lake is one of the middle lakes in the Chain-of-Lakes in Northern Illinois and has earned its reputation as one of the best ice fishing lakes in the Chain. This lake constantly produces good catches of crappie, white bass, yellow perch and bluegills. Numerous northern pike, walleye pike and catfish are taken throughout the ice season.

Petite Lake covers approximately 70 acres with water depths to in excess of 20 feet. A large portion of the lake has a sand and gravel

bottom with several sandbars and drop-offs. A current flows from north to south through the central portion of the lake.

Prime fishing has normally been in the 12 to 16 feet depth of the lake on the edge or slope of the drop-off running through the center portion of the lake.

The best fishing has been with small ice spoons and jigs dressed with minnows, spikes, waxworms or wigglers.

The catfish are normally taken with redworms or dead minnows fished on the bottom.

Walleye pike is most often caught while fishing for panfish or close to the bottom and generally on live minnows.

Large mouth bass and northern pike are generally taken with large minnows fished at various levels above the bottom, most frequently in the mid-range between ice and bottom. Just off the edge of current running through the center of the lake is usually a good bet.

## Offer scholarships to youth workers

Robert Holway, executive director, Allendale School, announces that the school, in cooperation with the College of St. Francis (Joliet), is offering ten individuals a \$300 scholarship to attend a four credit hour course in January, designed to improve one's skills and abilities as a child care worker, special educator, recreation specialist, etc.,

within residential centers serving mentally and socially maladjusted youth.

This offering is being made to Allendale staff and staff of other residential agencies within the Northern Cook, Lake, and McHenry County areas.

Allendale School, a 24 hour residential treatment center for behaviorally disordered

youth, is sponsoring a series of college level courses in the theory and practice of residential child care work.

The program is especially useful for child care professionals.

## Down for 8 traffic counts

The Antioch police arrested Craig Anderson, 20, Waukegan, at 1:14 a.m., on Monday, Jan. 24, and at press time, Anderson was still in the Antioch jail waiting to be transported to Lake County Court for a bond hearing.

Anderson was charged with driving under the influence of alcohol, reckless driving, illegal transportation of alcohol, fleeing and eluding, running two stop signs, driving on a revoked driver's license and leaving the scene of an accident.

## "Ma Bell" lookout!

# Phone Booth offers service and savings

by GLORIA DAVIS

Claudia Natzke, Lake Villa, got tired of "being ripped off" and also was weary of constant poor service she was receiving in her daily business dealings. So she decided to go into business for herself and give people the kind of service she herself had longed for.

Deciding that the selling of telephones was an up and coming thing, Natzke opened the Phone Booth on Main St. in Antioch in September.

"Antioch people have really been good to us, our inventory has more than quadrupled in the short time we have been here," she said.

Although the Phone Booth features everything from a basic rotary dial phone for \$19.50 to a \$241.50 touchtone antique wall phone, reminiscent of grandma's, Natzke's right hand woman and good friend, Shiela Reeves, Kenosha, said "Most of our customers want basic phones not the decorator ones."

"People are buying their phones now at a lower price because, by January 1984, a federal law will mandate that everyone moving to a new location will have to own their phone, not lease it from the phone company as they presently are," she added.

Natzke said that many people don't even realize that they are now paying to rent their phones along with the regular monthly rate for having phone lines in their home.

"I had an argument with my own mother because, if you look at your phone bill, the phone company does not itemize the lease cost and the basic connection cost. Most people think that their phone rates just went up in August," she added.

When it comes to decorator phones, the variety available at the Phone Booth is incredible for such a small operation. Would you like a phone that is an oversized Beer can for your recreation room, or maybe a gum ball machine for the kids' room is your pleasure.

For the most part the prices there are

lower than those offered by "Ma Bell," including the cost of the basic accessories like phone jacks and wiring.

Rotary phones that basically operate like the old circular dial phone, but with a push-button dial, cost less than the real touch-tone phones.

Whether you want one of the new "Genie" phones that resemble Aladdin's lamp, or an accessory like a remote-control answering device that records your phone messages when you're away from the phone and can be easily attached to your existing phone, Natzke and Reeves are there to answer all your questions.

The messages on the answering machine can be relayed by using a remote control device from a phone booth.

"We want our customers to be completely

sure that they want what they purchase and are willing to give them all the answers they need and help them investigate the product thoroughly so they will be completely satisfied," Natzke said.

"Too often sales people either don't know any of the answers or are too lazy to really service customers," she added.

Natzke and Reeves already feel that the business is bursting the seams of their small location and are seriously looking into opening additional locations in the area in the near future.

"In this tight economy we can not only save people money on the price of phones but we can show them how easy and how much cheaper it is to do things like add your own jacks and wiring for an extension phone yourself," Natzke said.

## PhoneCenter Store changes service format

The PhoneCenter Store sign will be coming down at 484 Orchard St., Antioch. It will be replaced with a sign reading Illinois Bell Service Center.

"It is more than a change of name," said Dick Miller, the company's local manager.

Under a Federal Communications Commission (FCC) ruling issued in October, 1981, Illinois Bell and other Bell operating companies nationwide are responsible, since Jan. 1, for providing basic regulated telecommunications services only.

**CUSTOMERS** seeking to install newly purchased telephone equipment are able to get that equipment from American Bell Inc., a newly-formed Bell System subsidiary.

All American Bell equipment will be offered for sale only. Customers will also have the option of acquiring telephone equipment from non-Bell suppliers.

Customer convenience

services being provided at Illinois Bell Service Centers include:

Pick up of leased telephone sets (after placing an order by phone with a service representative serving your Residence account.

**PICK UP** free telephone directories.

Drop off of leased telephones no longer needed for a billing credit.

Exchange of leased telephones for sets of same type in different color.

Replacement of non-working leased telephones.

Repair of Design Line telephones purchased from Illinois Bell.

Purchase of customer convenience products to install inside telephone wiring and jacks.

Federal regulation prohibits Illinois Bell from selling new telephone instruments to the public, once the current inventory of such products is used up.

For as long as remaining supplies of Design Line telephones exist, Illinois Bell

may continue to offer them for sale through service centers.

## Framework copies available

Printed copies of the Lake County Framework Plan are now available. This is the official Comprehensive Plan of Lake County as adopted by the Lake County Board on July 13, 1982.

Copies may be purchased from the Lake County Dept. of Planning, Zoning and Environmental Quality, 18 N. County St., Waukegan, Ill. 60085.

The price of the complete plan, maps as well as text, is \$12.50 (plus \$1.50 for mailing) or \$4 (plus \$1 for mailing) for only the composite land use plan map.

There is an additional \$5 charge if one wishes to be placed on a permanent mailing list to be notified of all future amendments to this plan. Copies of the framework plan have also been distributed to all Lake County municipalities and library districts.

## Interest withholding bound to hurt savers

Andrew B. Bernhardt, president of the State Bank of Antioch, says that the new federal tax withholding provision is going to cause a consumer hurricane.

"Savers and investors will lose some \$1.5 billion a year beginning next July 1 under a new law requiring banks and other financial institutions to withhold 10 percent of interest and dividend payments," remarked Bernhardt.

"People are just beginning to realize that the widely publicized 10 percent tax cut next July will be accompanied by the government's withholding 10 percent of their interest earnings on their savings and investments."

Even though almost 90 percent of the 26 million senior citizens in this country are officially "exempt" from the law, they will be directly affected by the exemption provisions.

"As a matter of fact, the entire exemption process is just another example of unnecessary government intrusion into our lives," Bernhardt said.

If a retired couple has five sources of interest or dividend income, a bank savings account, a six-month certificate of deposit, a money market mutual fund and stocks in two companies from which they receive dividends, that couple will

have to file five exemption certificates, one at each income source.

Should this couple fail to file these forms, either because they didn't know they had to or because they were physically unable to, the 10 percent of their interest and dividend earnings would be withheld.

"Not only would they lose 10 percent of their interest and dividend income each month — money that might otherwise go to pay for food, housing, and medical bills — but they will have to file a tax return to get their 10 percent withholding back from the government," Bernhardt charges.

Bernhardt also said that the exemption process raises a serious privacy issue. To qualify for an exemption, people have to go to their banks or other financial institutions and give a bank employee a form on which they have sworn that their tax liability for the previous year was less than the ceiling amounts.

"Do you want your bank teller, who may be your neighbor or a member of your church, to see how

much tax you pay?," Bernhardt said. He noted that this was the first time in our country's history that such a third person disclosure of tax liability had ever been required.

People who do not qualify for an exemption will lose the use of 10 percent of their interest and dividend earnings that would otherwise have been compounded, Bernhardt said.

"Savers and investors will lose some \$1.5 billion a year," Bernhardt charges.

"What we have here is a disincentive for savings and investment . . . at a time when we need these investments to spur our weak economy," he added.

"In addition, by the time you take away this interest from the people and add the costs to the government and to financial institutions to put this savings withholding into place, the net effect may well be NEGATIVE," he said.

Bernhardt urged that people write their congressional representatives about the 10 percent withholding on interest and dividends.

## INSIGHT INTO EYESIGHT

Dr. R. A. Sona,

OPTOMETRIST

### CONTACTS AND CATARACTS

A cataract is a clouding of the lens of the eye. When vision is seriously impaired, the lens is removed by surgery. Glasses or contact lenses are used to compensate for this. Otherwise you would suffer from extreme farsightedness.

Before the advent of contact lenses, the only alternative was to wear thick-lensed glasses to correct vision after cataract surgery. These magnified the eyes so much that it made people who wore them uncomfortable about their appearance.

There was also a problem in the glasses themselves, because of the space between the lens and the eyes. It tended

to distort the actual size of things seen. This was especially true in cases where only one eye had been affected by cataract.

Now we have contact lenses, with both soft and hard lenses, that fit directly over the eyes, improving vision and appearance.

Now there is a choice. You can still wear glasses, if that's your preference. Or you can choose contacts and enjoy their advantages.

## Ask Dr. Sven

by Robert T. Sven B.S.D.D.S.

### CROWNS AND JACKETS

Question: What is a tooth crown? How is it different from a tooth jacket?

Answer: They are more or less the same thing. A jacket is simply a crown that gets its name for the way it fits over the tooth. The terms "jacket" and "crown" are interchangeable and sometimes are even used together as "jacket crown."

Either a crown or jacket replaces a missing tooth structure with a replica of the tooth as accurate as possible, both inside and out. Either one can be fabricated in a choice of many materials — acrylic, or gold-and-porcelain. Which of these is used will be determined by which will best return a tooth to its former shape as securely, cosmetically and functionally as possible.

# Sequoit wrestlers top Wauconda

The Antioch High School wrestlers closed out the home dual meet season Jan. 14 with a 40-17 win over the Wauconda Bulldogs.

The Sequoits ran their conference record to 5-0.

Key matches occurred at 138 pounds and 167.

**TAD DEROUSSE** at 138 put his undefeated record on the line against Wauconda's outstanding John Cashmore and came out a 21-7 winner.

George Bessette faced Wauconda's undefeated and state ranked Tom Hoy at 167.

Bessette opened the scoring with a take down for a 2-0 lead.

A penalty point tightened the score to 2-1, but Bessette remained in control of the bout through the second period.

In the third period, Bessette escaped, scored another takedown and added a penalty point for a 6-1 lead.

Hoy scored a last second escape to make the finale score 6-2.

**THE SEQUOITS** traveled to Glenbrook-North Jan. 15 and beat the hosts 32-21, Palatine 36-17, and St. Viator 56-9.

The four wins runs the Sequoit record to 15-0.

Next week-end Antioch travels to Grayslake for a conference meet with the Rams on Friday, Jan. 21 and Saturday, Jan. 22 travel to Waukegan for a triple dual against Waukegan East, Crystal Lake South and State Rival Chicago Marist.

In one poll Antioch is rated Number One in the State and Marist is ranked third.

In the coaches poll Marist is ranked number one and Antioch second.

Saturday's action begins at 1 p.m. on the Waukegan East mats.

## Grayslake beats Antioch, in 57-51 overtime

The Antioch varsity cagers bowed to Grayslake, 57-51, in overtime play, on Friday, Jan. 21, at Antioch.

This loss gives Antioch a 4-2 record in Northwest Suburban Conference play and 6-9 overall.

Dan Berkiel was the leading scorer for the Sequoits with 17, followed by

Bill Aschbacher's 10. Both boys did well on rebounds, Berkiel with eight and Aschbacher with 10.

At half-time Grayslake was ahead, 20-18, and at the end of the fourth quarter it was all tied-up, 49-49.

Then the Sequoits had two turnovers, the only ones they had in the second half of the

game, which Grayslake capitalized on to give them the victory.

Grayslake made 17 out of 23 free throws and Antioch had a 50 percent average with seven out of 14.

The Sequoits will face Grant on Friday, Jan. 28 and Lake Forster on Saturday. Both are home games.

## St. Peter's players move into second

On Wednesday, Jan. 12, the St. Peter sixth, seventh, and eighth grade teams played St. Joseph of Round Lake.

The sixth grade lost 17-16. Jason Bellucci was the high scorer with eight points. The seventh grade won 64-27. Scott Frasch was the high scorer with 20 points. The eighth grade lost 46-24. Mark Carpenter was the high

scorer with 14 points.

Then on Jan. 14, the sixth and eighth grade teams played St. Bede of Ingleside. The sixth grade won 18-17, and the high scorer was Ken Litchfield with eight points. The eighth grade lost 55-39, the high scorer Mark Carpenter with eight points.

The seventh grade team moved into first place by beating St. Joseph.

## Frosh grapplers are No. One

Antioch High School's freshman wrestling squad is having a fine season once again. The squad is 11-2 in dual meets, and had won two major tournaments and placed second in another.

On Saturday, Jan. 15, the squad wrestled in the Woodstock Invitational, eight team tournament and placed first.

The team scored 228 points for first, followed by 208 pts. for runner-up Woodstock High School.

Placing first for Antioch were number 90, Mike DiSalvatore, number 98, Mark Menninger, number 105, Rod Volling, and number 185, Rick Turco.

Placing second were, number 112, Mitch Moore, number 119, Shawn Riemer, number 126 John Wierschiem, number 132, Chris Haley, and heavyweight, Bob Johnson.

Number 155, John Shanks placed third, while number 138, Jim Skinner, number 145 Derrick Gurschke, and number 167, Tony Teneyck placed fifth.

Coach Ken Anderson was extremely pleased with the team's performance, and attributes the teams' success to the fact that all wrestlers won at least two matches, and placed in team scoring, thus making the championship a total team victory.

Antioch freshman wrestled away at Grayslake Friday, Jan. 21, and were home Jan. 22 against Marist, and Waukegan East. On Friday, Jan. 28, Antioch wrestlers against Grant, at Grant High School.

## Frosh lead NWSC

Antioch's freshmen boys' basketball team is leading the Northwest Suburban Conference with a 5-0 record after two recent wins over Warren and Wauconda.

Overall the team record is

## Redman earns honors

On Sunday, Dec. 5 Stephen Redman, son of Mr. and Mrs. Roy Redman, received his Eagle Scout badge.

The ceremony was held at the Antioch Fire Station.

Invocation was given by Rev. Roger L. Pittman and benediction given by Rev. Charles E. Miller. Guests were Mayor Raymond Toft who presented Stephen with a key to the village, Carl Erickson, Eagle Board chairman Lakes District and Ruth LaChance, Eagle Review Board representative.

A buffet was served after the program to some 75 relatives and guests.

## AGS to host cage tourney

Antioch Upper Grade School will host its annual eighth grade boys basketball tournament on Jan. 27, 28, and 29.

First round action will begin on Thursday, Jan. 27, at 4 p.m., at the upper grade school.

Emmons will play Lake Villa at 4 p.m. and Antioch will play Westfield at 5:15 p.m.

The tournament will

resume Thursday night at 7:15 p.m. with Salem against Lake Zurich at 7:15 p.m. and Oak Crest against Round Lake at 8:30 p.m.

Winners of the first round will play Friday at 4 p.m. Play-offs for third and fourth place will be Saturday, Jan. 29, at 7 p.m., with the championship game scheduled for 8:15 p.m. Admission is 50 cents for students and \$1 for adults.

## District special ed classes save \$45,000 over last year

by GLORIA DAVIS

In a report given to the Antioch Grade School Board at their last regular meeting, held on Jan. 18, Grade School Supt. Don Skidmore told the board that, since the school district had taken over operating its own self-contained LD special education classes, monies in the neighborhood of \$45,000 was saved over last year's cost of SEDOL handling all the special education classes.

The new officers of the Antioch branch of the American Federation of teachers were introduced to the board.

David Rogowski is the new president, and Dave Johnson, Virginia Landwer and Ellen Eisenhower are the other leaders of the teaching group.

In the same teaching vein, the board approved what amounted to three-fourths of the education budget for the next school year when they okayed the proposal that next year's certified staff amount to 80 teachers, the same as is staffing the district this year.

The only change in personnel that will take place is that there will be one less junior high school teacher next year and one more grade school teacher.

Skidmore gave the same sad news to the board that school board members across the state are getting. Because of cuts in the general state aid by the governor of Illinois, the school will receive \$42 million less this year.

"These may not be the final reductions," he added.

Two other board approvals went to the lowest bid taken on three, 22 passenger vans for transporting Lake County students to SEDOL classes. The \$53,000 bid given by Midwest Transit Equipment was accepted.

Another board approval was given the proposed school calendar for the 83-84 school year.

School will start on Monday, August 29, and close on June 8, pending the call for snowdays.

## Haley trial March 7

It looks like the long ongoing case of West Palm Beach County, Fla., and its charges of drug trafficking against William Haley, 41, Antioch, will reach the two-year mark or more before any legal action takes place.

According to West Palm Beach Assistant States' Atty. Lisa Campbell, who was recently assigned to the case, a calendar call has been set for March 4, with a tentative court date set for March 7.

"The trial date depends on whether or not the defense attorney can take certain depositions in Chicago by that date," said Campbell, adding that, though it was possible that the trial would take place on March 7, she doubted it.

She added that she hadn't even looked at the case yet.

Despite the recent sentencing of football star, Mercury Morris, to 15 years in prison for possession of enough cocaine to be considered a dealer, a reporter from this newspaper was informed by the circuit court clerk's office that drug smuggling in that area is so common that they really "don't think it's such a big deal."

Haley was charged after he was implicated as the person who paid for a flight of drugs amounting to \$476,000 worth of marijuana, that was confiscated by federal drug authorities at the West Palm Beach Airport in April of 1981.

Robert Hoffman, 34, Lake Villa, and Woodrow Webster, 29, Col., identified Haley as the person who had paid them \$40,000 to fly the marijuana in from South America.

The confiscated plane that was carrying the controled substance was owned by William Zeigler, Round Lake, who had employed Haley as a private pilot.

Haley was previously arrested, but never tried, on other drug trafficking charges by drug authorities in Puerto Rico. Zeigler's plane, which was released after the April 1981 incident, was later reconfiscated by drug authorities, again in Florida, when arms and traces of marijuana were found on board.

Although several trial dates for Haley have been set, the dates have been constantly pushed forward by both the requests of the defense and the states' attorney's offices.

**RICH LITTLE**

## Little is name of owner not video store's size

by GLORIA DAVIS

One might think that having the same name as a famous entertainer might be enough to get someone into a branch of the entertainment business.

Not so in the case of the owner and operator of a video tape store in Antioch called Rich Little Presents.

Little claims to have gotten into the video tape business by accident.

"I originally invested in a video tape business in Mundelein, intending to recoup my original investment plus a share of any profits, but it didn't work out that way and

so here I am in it full time.

Rich Little Presents moved to the Park Ave. Mall, with an entrance off of Lake St., in Antioch, in June.

"Our business has doubled since we've been here," he said.

The tape store inventories over 600 recordings of movies of all kinds and has new ones arriving daily.

When asked if he thinks that the outcome of the case against Sony, makers of Betta Max Recorders, that is now in the U. S. Supreme Court, will harm the video tape business, he answers, "Not at all."

"I don't see how they can stop of tax home video taping of tv shows when they haven't made a move to stop the home audio tape recording that has been going on for years," he added.

"It's an exciting business because it's entertainment and maybe that's more and demand with the depression caused by the economy," he said.

Little has met his namesake several time and his front counter sports a picture of the two Littles together, autographed by the imitator, and taken in Las Vegas.

## Offer free sitters for blood donors

Preparations for St. Peters 11th annual blood drive in cooperation with the Red Cross is in full swing. The date is Saturday Jan. 29, from 9 a.m. to 3 p.m.

The demand for the precious gift of blood is great during January which President Reagan has proclaimed "National Volunteer Blood Donor Month."

Extra donors are needed to insure the quota of 230 pints.

Not everyone pledged will be able to donate. Anyone suffering from the flu or cold

symptoms will be deferred as a donor.

Also anyone taking antibiotics, heart medication, cancer drugs or anyone recently exposed to infectious diseases will also be deferred.

Anyone that wishes to donate but, because of the time, needed to go to a local hospital, has put it off, there's no need to put it off, just call Ellen Ipsen at (312) 395-2884 to make an appointment right in Antioch at St. Peters.

Free capable babysitters

are available for donors' convenience at the donor site.

## 'Morning' set in extraordinary set

PM&L Theatre is noted for its fine sets. Hank and Ricky Apostol have gone out of their way to create a fantastic set for the theatre's upcoming Tony Award winning comedy, "Morning's At Seven."

The scenery consists of a backyard with the back porches of two frame houses in a small midwestern town in the 1930's. One house is well kept while the other isn't.

To view the play in this well done setting, make your reservations by calling (312) 395-3055. Play dates are: Feb. 11, 12, 18, 19, 25 and 26 at 8:30 p.m. and Feb. 20 at 2:30 p.m.

Tickets are: adults, \$4, senior citizens, \$3 and students, \$2. A special mini-pass at \$10

will cover the admission to this show plus any two of the remaining three shows on the schedule.

Contact Betty Smouse at (312) 395-1333 for the mini-pass or you can purchase the pass the night you attend the play.

Dinner-theatre packages are available with Raybomb's on Rte. 59 at (312) 356-3166 and with The Village Pub at (312) 395-3373. Groups of 20 or more can obtain a 10 percent discount on tickets.

Call the show's director, Tom Hausman, at (312) 395-7489 for information on the group rates.
